

Cookie Policy

What are *cookies*?

Cookies are small data files received by the terminal from the website visited and are used to record certain browsing interactions on a website by storing data that can be updated and recovered. These files are stored on the user's computer and contain anonymous data which are not harmful to the system. They are used to remember user preferences, such as selected language, access details or page personalization.

Cookies can also be used to record anonymous information about how a visitor uses a site. For example, via which webpage a user has arrived or if an advertising banner was used.

Why iGrid T&D uses *cookies*?

iGrid T&D uses those *cookies* that are strictly essential for you to use our Websites and browse freely, use secure areas, personalized options, etc. iGrid T&D also uses *cookies* to gather data for analysis of website use. These are used to enhance the customer service, measuring the use and performance of the page to optimize and personalize it.

Our websites may also have links to social networks such as Facebook or Twitter. iGrid T&D has no control of the *cookies* used by these external websites. For further details on social network *cookies* or those of unrelated websites, we recommend reviewing their own *cookie* policies.

How do we use the various types of *cookies*?

According to their purpose:

Technical Cookies	<p>Technical <i>cookies</i> are essential and strictly necessary for the web portal to operate correctly and to use the various options and services it offers.</p> <p>For example, those that maintain the sessions, management of response times, performance or validation of options, the use of security elements, sharing contents with social networks, etc.</p>
Personalization Cookies	<p>These <i>cookies</i> enable the user to specify or personalize various characteristics of the general options of the webpage, for example, defining the language, regional configuration or type of browser.</p>
Analytical Cookies	<p>Analytical <i>cookies</i> are used by our web portal to create browsing profiles and discover user preferences so as to enhance the offering of products and services.</p> <p>For example, an analytical <i>cookie</i> controls the geographic areas the user is most interested in, their favorite products, etc.</p>
Advertisement / Advertising Cookies	<p>Advertisement <i>cookies</i> help to manage advertising spaces based on specific criteria. For example, visiting frequency, edited content, etc.</p> <p>Advertising <i>cookies</i>, via advert management, make it possible to store information on behavior by observing habits, studying visits and creating a profile of user preferences to offer them advertising in keeping with the interests.</p>

According to duration:

Session Cookies	Session <i>cookies</i> are those that exist the time the user is browsing the webpage and are deleted at the end.
Persistent Cookies	These <i>cookies</i> are stored on the user's terminal for a longer period, simplifying the control of the preferences chosen without having to repeat certain parameters on every visit to the website.

And if I don't want these *cookies* or do nothing about them?

To comply with the law, we must ask for your permission to manage the *cookies*. Should you decide not to authorize the processing by expressing your disagreement, we will only use the technical *cookies*, as they are essential for browsing our website. In this case, we will not store any *cookies*. If you continue to browse our website without withholding your authorization, this implies acceptance of their use.

Please bear in mind that if you reject or delete the browsing *cookies* on iGrid T&D's website we cannot store your preferences, some characteristics of the pages will not be operational, we cannot offer you personalized services and every time you browse our website we will have to ask you again for your authorization to use *cookies*.

If you still decide to modify the configuration of your access to the webpage, you should know that it is possible to delete the *cookies* or prevent this information being recorded on your system at any time by modifying the configuration parameters of your browser:

[Configuration of Internet Explorer *cookies*](#)

[Configuration of Firefox *cookies*](#)

[Configuration of Google Chrome *cookies*](#)

[Configuration of Safari *cookies*](#)

These browsers are subject to upgrades or modifications so we cannot guarantee they will adapt fully to your browser version. You may also use a browser not covered by these links, such as Konqueror, Arora, Flock, etc. To avoid this, you can directly access your browser options which are usually to be found in the Options menu, in the "privacy" section. (Please see the help section of your browser for further details).

If you agree to the *cookies* policy of iGrid T&D, click on *Accept*.

Is the information gathered by the *cookies* used on websites other than that of iGrid T&D?

Some of our *cookies* are used to generate advertising on third party networks or to conduct analyses, for which we use tools unrelated to iGrid T&D. The *cookies* used are for the exclusive use of iGrid T&D and under no circumstance are they commercialized.

At iGrid T&D we work with trusted suppliers who assist us in managing and customizing our webpages.

So what does the information above mean?

If you accept our *cookies*, we can improve iGrid T&D website to offer you optimal access and a more efficient, personalized service.

And you can configure your browser to establish that only trusted websites or the pages being browsed at the time can manage *cookies*, enabling you to select your preferences.

By publishing this policy, iGrid T&D demonstrates its commitment to current law on the use of *cookies*, providing you with information so you can understand what type of *cookies* we use and why we do so. In this way, we aim to act transparently as regards the data processed in browsing our website from your system.

This policy is regularly reviewed to ensure it is up to date, and is therefore subject to modifications. We recommend you visit this page regularly and we will inform you of any related update.
